Testing Tips Cards (10 strategies)

Card 1: READ THE WHOLE QUESTION

Read every word in the question — including ALL answer choices — before you pick one.

Card 2: COVER AND THINK

Cover the answer choices. Think about what YOU think the answer is first. Then look at the choices.

Card 3: ELIMINATE WRONG ANSWERS

Cross out answers you KNOW are wrong. Now you have fewer to choose from!

Card 4: SHOW YOUR WORK

Write in the margins, underline key words, draw pictures. Your work helps you think!

Card 5: SKIP AND COME BACK

Stuck? Skip it and come back later. Your brain keeps working on it in the background!

Card 6: GO BACK TO THE TEXT

The answer is IN the passage. Go back and find the evidence!

Card 7: PACE YOURSELF

Don't rush, but don't spend too long on one question. Keep moving!

Card 8: USE WHAT YOU KNOW

Connect the question to things you've learned in class. Your teacher prepared you!

Card 9: CHECK YOUR WORK

If you finish early, go back and check. Did you answer every question? Did you bubble correctly?

Card 10: 💪 BELIEVE IN YOURSELF

You've worked hard all year. You are smart. You are ready. You can DO this!
